DETAILED ACTION

1. Amendment filed March 7, 2006 has been entered and acknowledged by the examiner.
2. Applicant's arguments, see pages 6-8, filed March 7, 2006, with respect to claims 1-10 have been fully considered and are persuasive. The objection to claim 4, and rejections of claims 1-3,5-10 have been withdrawn.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: Claim 4, now in independent form, is allowed for reasons stated in Office Action sent October 7, 2005. With regard to claims 1-3,5-10, while a xenon lamp as previously claimed would have been obvious over the prior art regardless of orientation (note column 3, lines 60-65 of the Haslund reference), it would not have been obvious to incorporate the electrode shape disclosed by the Ito reference while arbitrarily excluding the protrusion portion of the electrode, a protrusion portion now excluded by the claimed invention. Therefore claim 1 is allowed. Claims 2,3,5-10 are allowed as a result of their dependence upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher M. Raabe whose telephone number is 571-272-8434. The examiner can normally be reached on m-f 7am-3:30pm.
